Cute little dog with red eyes

by [MiaQc](#)

Summary

A short, cute fanfic with Colette and Koromaru. First person POV.

- A translation of [Le mignon petit chien aux yeux rouges](#) by [MiaQc](#)

Hello. I am Colette Brunel and I love dogs. Whenever I see one, I have to give it a pet and a name. Today, I see a little gray and white dog with strange colored eyes. Red eyes. Even so, I talk to him.

"Hi, you." I say in a sing-song voice.

The dog barks in response. His tail wags rapidly. He seems happy to see me.

"You're a cute boy, you know?"

The little dog barks again. I approach him.

"Can I pet your head?" I asked, holding out my hand.

The little dog puts his head in my hand. He rubs himself on my palm.

"Dawwww~, you're such a sweetie!"

I pet him. On his head, on his back.

"What shall I call you? Smokey?"

The dog suddenly starts growling. I remove my hand from his fur.

"What? You don't like the name Smokey?"

The dog barks as if to say "yes."

"Wait... oh! You have a collar. Let's see... 'S.E.E.S?' And 'Koromaru?' Is Koromaru your name?"

Koromaru barks happily. I smile. He runs around me, as if he wants to play. I use one of my chakrams like a Frisbee and we play together for hours. Then Koromaru leaves, probably to go back home, and I do the same.
